

WESTERN AUSTRALIA

Bindoon • Calingiri • Dalwallinu • Moora • New Norcia • Wongan Hills

Enjoy a picturesque drive to the fringe of Perth where you enter the perfect example of Western Australia's wheatbelt and immerse yourself in the rural lifestyle of the Golden Horizons.

The rolling and vast landscape is dotted with quintessential Western Australian country towns offering locally made produce, intricate hand made arts and crafts and genuine country hospitality.

From the gentle hills and dales of Chittering Valley less than one hour's drive from Perth, through the romantically named Victoria Plains and the fascinating monastic town of New Norcia. On through the hills and reserves of Wongan-Ballidu, to the history and charm of Moora and the natural wonders of Dalwallinu all combining to make up the Golden Horizons which is sure to captivate you with its astounding history and changing scenery. For the day-traveller, weekender or holiday-maker, the diverse nature of this spectacular and vital region is bound to hold your interest.

Three distinct and intertwined drive trails have been established for the gentle explorer, looking to discover new and special adventures in each community. Each trail meanders through the five different towns, revealing fascinating changes in landscape, land-use, architecture and nature's magnificent 'gardens.'

Direct connections to the very origins of Western Australia's European settlement can be found in the towns - historic buildings, churches, museums and art galleries.

Nature's hand is exhibited along each trail where the horizons are a tapestry of paddocks - some for stock grazing and crops, others for citrus trees - and of native bushland, occasionally dotted with the colours of local stone which have been used in buildings old and new.

Across the seasons you will see oceans of wildflowers, the most prolific in the world, as well as billabongs and creeks co-exist with the eternal presence of kangaroos, eagles, emus and echidnas that inhabit the beautiful bushlands and granite outcrops. In September the contrast of the brilliant yellow canola crops and the lush green of the wheat fields and rolling hills showcase the landscape to perfection and make it plain to see why Australia is the land of green and gold.

Woven into the massive space and timelessness of the country trails is the quiet hospitality and ingenuity of the people calling this place home.

Whether you're looking for an easy escape from the maddening crowd for a short or long time, out exploring the spectacular wildflower season or ready for a complete "tree-change," the fascinating history, beautiful rural landscape and sensational foods make now the perfect time to see, taste and Discover Golden Horizons.

We hope this brochure will inspire you to venture into the Central Midlands.

For more specific information and accommodation options phone the Shire Visitor Centres or log-on to the websites listed on the back cover.

BindoonShire of Chittering

The Chittering Valley forms a picturesque gateway into the Central Midlands with rolling hills, wildflowers in season, walking trails and picnic spots.

The town of Bindoon is where you can buy citrus fruit from roadside stalls and is the centre of citrus growing in Western Australia. Home to a famous bakery, the beautiful stone Holy Trinity Church and the Catholic Agricultural College. Agriculture in the area varies from traditional cattle, sheep and goat farming to wineries, citrus, olives, honey, dried fruits and cultivated native flora. A museum showcases the history of the area.

The annual Wildflower Festival is held over four days in September, has hundreds of specimens on display and guided wildflower walks each day.

For the day-traveller, weekender or holiday-maker, the diverse nature of this spectacular and vital region is bound to hold your interest.

Calingiri Shire of Victoria Plains

The romantically-named Victoria Plains is home to one of the State's first 'road boards', a number of which were established in 1871 to build and maintain roads and bridges throughout Western Australia. During that period, Victoria Plains defined the land all the way from the Indian Ocean to the South Australian border and from Carnamah in the North, to Bolgart in the South.

New Norcia, the most famous town in the Shire, was founded in 1846 and is home to a community of Benedictine monks who own and operate the town. Olive trees and church bells and 27 magnificent Spanishstyle buildings (classified by the National Trust) sit naturally in the bush landscape. The town is so unique it too is registered on the National Estate.

The New Norcia Museum and Art Gallery contains one of the finest collections of moveable heritage in Australia. It houses artworks by Spanish and Italian masters and gifts from the Queen of Spain. A fascinating array of artefacts tell the story of New Norcia's time as an Aboriginal mission, the history of the monks' extensive farming activities and as a place of education and culture.

Dalwallinu Shire of Dalwallinu

Dalwallinu has for many years been known as 'The Wheat Shire' and more recently has also been known as 'The Gateway to the World of the Wattles'. Within 100kms of Dalwallinu is the largest density of Wattle (Acacia) species to be found anywhere in the world. The wattle flowers most of the year but reaches its maximum bloom during the months of August and September. Visit www.worldwidewattle.com for more information.

In the second week of September each year the Shire of Dalwallinu celebrates the season with the Wattle Week Festival, the annual Wubin Wildflower Show and a biennial Art and Craft Show. Thousands of wildflower enthusiasts make the journey to the region at this time of the year to enjoy the beautiful wildflowers, including the unusual and eagerly sought after Wreath Leschenaultia. In addition there are many rock formations where delicate native orchids can be found.

Guides to self drive, walking and wildflower trails are available from the Shire Office and Dalwallinu Discovery Centre.

Moora Shire of Moora

The town is said to have been named after a well, which the Aborigines called "Maura." Also, it resonates with "Moore" River which runs through the township and was named by George Fletcher Moore, in 1836. Moora is home to the historic 'Berkshire Valley' – referred to as the English version of New

Norcia. There, an 1800s English Village has been recreated and includes a homestead, outbuilding, sheds and a hand-built bridge. Servicing centre for the surrounding graingrowing area, Moora is the largest town between Geraldton and Perth and some of its historically interesting features include the Pre-World War I architecture and the World War II army camps.

Also, Moora is a popular stopover for nature lovers following the spectacular wildflower trail or visit the Wildflower Interpretative Centre which displays a variety of wildflowers and information.

Wongan Hills Shire of Wongan-Ballidu

Discovering and naming the hills of "Wongan Katta" in 1836, (only seven years after the founding of the Swan River Colony), Surveyor-General John Septimus Roe used an Aboriginal term. Translated, it means "whispering hills" and refers to the beautifully intimate sound of the breeze through the trees and gorges.

Wongan Hills is Australia's first RV-friendly town and Wongan-Ballidu is now the fastest-growing visitor destination in the wheatbelt region. It encompasses 10,000 hectares of pristine, natural vegetation and over 1,400 different varieties of wildflowers. It is a flora hot-spot in Western Australia and the brilliantly interpreted walk trails, plus excellent hospitality, makes it a year-round attraction.

On the edge of town is a 24 hour access airstrip utilised by the Royal Flying Doctor and recreation users.

Ballidu, "a Classic Country Town", thrives on its cultural and artistic reputation with the Contemporary Art Society.

Getting Back to Nature

Discover the natural environment that is unique to the wheatbelt.

- 1 Peace Be Still: A picnic and camping area on the banks of the Brockman River provides an opportunity to enjoy the natural bushland setting of the property. Peace be Still also has a Guest House and Retreat Centre. The three Shire walks (Swan, Toodyay and Chittering) have been established from the property. www.peacebestill.com.au
- 2 Julimar Lookout: On the Julimar Road to or from Toodyay, Julimar Lookout is an alluring must-stop site. The viewer becomes absorbed and mesmerised by the intricacies of the beautiful panorama.
- 3 Blackboy Ridge: This 684 hectare reserve, located on Chittering Road, is rich in wildflowers and an open Wandoo and Marri woodland offers spectacular views across the Brockman River flats. Pristine walks around, up and over the winter creeks make the tree-clad hideaway a special place for young and old.

Confirmed sightings of over 60 different bird species including Carnaby's Cockatoos, Splendid Fairy Wrens, Thornbills, Honeyeaters and Butcher birds makes this an attractive walk for birdlovers.

A STATE OF THE STA

- Spoonbill Lake, Bindoon: A 9 hectare reserve with a precious resource of fresh water. The reserve is home to Ducks, Grebes, Swans, Clamorous Reed Warblers, Coots, Hens, Waders, Dabchicks and many more. Spot the bird life gathering around the creek-fed lake.
- 5 Salmon Gums: Moora was once the site of a large Salmon Gum forest with several stands of these beautiful trees still remaining. The north and south entry points to Moora are natural Salmon Gum drives.
- 6 Carnaby Cockatoo Walk Trail:
 This interpretive walk trail meanders along the Moore River bank through Moora for 3.5kms one way. View endangered Carnaby's Cockatoos in their natural habitat.
- 7 Watheroo National Park and Jingamia Cave: Watheroo National Park was created in 1955 and covers 44,473 hectares. The unique vegetation surrounding the cave makes the area even more interesting. The cave is composed of chert (a flint like quartz) within the unsealed rock. There is a picnic area nearby.

- 8 Buntine Rocks: An invigorating climb up the rocks culminates in magnificent panoramic views just north of Buntine. Barbecue and picnic facilities provide a welcomed respite. Wander through Everlastings, Orchids, Wattles and Melaleucas (in season).
- 9 Petrudor Rocks: Located on Petrudor Road, a popular picnic destination for both tourists and locals alike, it is a fabulous spot for the favourite childhood activities of clambering over rocks and catching tadpoles.

The gnarled trunks of the Kunzea Pulchella growing among granite rocks evoke comparisons with a more ancient landscape.

If you explore further and walk along behind the water pool (as far as the dam), the area abounds in seasonal Orchids, Rainbow plants, Lambs Tails, Honey Dews and other species.

- 10 Dingo Rock Fauna Reserve: During Winter and Spring, the reserve is covered in a picturesque array of wildflowers. The large granite rock, once home to many dingos, was a reliable Aboriginal water collection site, complete with 'gnamma' hole. Located off Manmanning Road, east of Wongan Hills.
- 11 Gathercole Reserve: The weathered, carved, even hollowed out rock boulders are remarkable; not to forget the wide quartz protrusions that form a perfect natural wall. Nature has wrapped the reserve, located east of Wongan Hills, in vegetation unique to granite outcrops.
- 12 Christmas Rock Walk Trail: Winding through the bushland which hugs the outskirts of the Wongan Hills town, the trail is colourfully interpreted.
- 13 Reynoldson Reserve: Just north of Wongan Hills, a diversity of flowering plants intermingle along an interpreted, 2km walk and drive trail.
- 14 Wongan Hills Nature Reserve, Roger's Reserve and Elphin Reserve: These four reserves are ablaze with wildflowers at the height of their season. A short walk to the right spot reveals the unique and fascinating Wongan Cactus.

- 15 Mount O'Brien: Awesome panoramic views await. The squiggle lines define the edges of salt flats which connect Lake Hinds and Lake Ninan. Enjoy an evening soiree or lunch time barbecue among wildflowers and plant varieties found nowhere else on earth.
- 16 Mount Matilda: The lofty terrain features rare and endangered flora that botanists from all over the world come to see. Completely lose yourself in the spirituality of the gully. For flora walk and scenic route information contact the Wongan Visitors Centre.
- 17 Piawaning: Stop at the general store and enjoy the quaintness of this siding town. Then go for a wander, 1km in any direction and take in the seasonal displays of flora.
- 18 Camino Salvado Pilgrim Walk
 Trail: A 160 kilometre pilgrimage
 from Salvadore Road in Subiaco to St
 Josephs Church in New Norcia. The
 walk travels via Bells rapids, Walyunga
 National Park, through the Chittering
 Valley, the township of Bindoon and on
 to New Norcia.

Meander north of Perth for your perfect wildflower and nature getaway experience...

Day 1: Perth to Wongan via Calingiri 183km, 2.5 hours

Leave the big city and head for the hills (Wongan Hills) but on the way be sure to stop at Bindoon, home to a famous bakery and the beautiful stone Holy Trinity Church. Approximately halfway between Great Northern Highway and Calingiri is the must see Rica Erickson Nature Reserve and Old Plains Road Nature Reserve where there is an abundance of wildflowers and fauna. After passing through Calingiri and as you approach Wongan Hills the large expanse of Lake Ninan salt lake will come into view. In Wongan Hills call into the tourist centre to gather information on walk trails, museum and other sites to be explored. Wongan Hills has a fabulous shopping precinct with cafes, giftware and parks.

Day 2: Wongan Hills to Moora via Dalwallinu 165km, 2 hours

Drive north to Dalwallinu and visit the Dalwallinu Discovery Centre for the most recent wildflower sightings, including the stunning Wreath Leschenaultia, as they are located some distance from town. Head south again on your way to Moora where there is a number of accommodation options to suit your budget and taste. Call into the Moora Community Resource and Visitor Centre for some ideas.

Day 3: Moora to Perth 171km, 2.5 hours

Wake up in the fresh country air and head off on a short walk along the Carnaby's Cockatoo Interpretive Walk Trail. Spot one of these magnificent birds and discover the flora and fauna that calls Moora home. Make sure you experience the Western Wildflower Farm at Coomberdale (20km north of Moora) where you can take a tour to see, touch and smell the wildflowers. Before heading back to the city on the Great Northern Highway you will have the opportunity to stop at New Norcia, home of a Benedictine community, and then Bindoon, where you can discover a variety of experiences.
