Always state your name to indicate to the Presiding Member that you wish to speak. Restate your name if the Presiding Member has not heard you at first;

In debate, only speak after the Presiding Member has acknowledged you. Then state your name, so that others know who is speaking;

Follow the Presiding Member's directions and rulings;

If you are unclear about what is happening in an eMeeting, immediately state your name to draw the Presiding Member's attention and enable you to then seek clarification from the Presiding Member;

Attachments	1. Monthly Financial Statements - May 26

PURPOSE

To receive the monthly financial statements for the period ending 31 May 2026.

BACKGROUND

Section 6.4 of the Local Government Act 1995 requires a Local Government to prepare financial reports.

The Local Government (Financial Management) Regulations 34 & 35 set out the form and content of the financial reports which have been prepared for the periods as above and are presented to Council for approval.

COMMENT

The shire is broadly on track to meet its budgetary commitments and there are some positive signs of making inroads into the budget deficit but the conservative forecast will still be a negative position at 30 Jun 26. This view is formulated through the following observations:

- The fuel crisis continues to be volatile with the impacts, including the fuel excise tax starting to return to previous levels.
- Grants Commission will be prepaying 80% but its not clear what that dollar amount will be. Further as this is a prepayment, its really 26-27 funds.
- Some funds have been able to be returned to Restricted Funding from the Municipal Account, a positive sign.
- The trade in of Graders has exceeded the net cost but somewhat offset by the less than budgeted trade in value of the CEO vehicle. Ideally this excess should be placed in the Plant Reserve but may be needed to reduce the deficit.
- Subdivision project is starting to return positive results to the shire.
-

The current surplus as at 31 May 26 is \$2,935,948 against a YTD budget of \$2,754,456, a difference of \$181,492.

NOTES TO ACCOUNT

The following presents a summary and analysis of the key points in the May 26 Financial Statements.

Note 1 Net Current Funding Position:

This reflects the liquidity of the shire, calculated as current assets less current liabilities, aligning with the Statement of Financial Activity (Rate Setting Statement) amounting to \$2,935,948.

Whilst this is a positive result, using note 11 - Restricted Funding as a simple adjustment and deducting the balance amount of \$3,220,111 of grant funds received but not yet spent provides a more realistic position. This is a simplistic view though and a number of other adjustments need to be factored in.

Note 2 Cash and Financial Assets:

The current total cash position balance is \$2,720,458 with an Unrestricted Municipal Bank Balance of \$27,878 and \$2,692,579 in Restricted Funding, the latter comprising:

\$667,072 in Reserves.

\$2,025,507 major grant funding received and quarantined fully cash backed. This amount is the Shire of Victoria Plains portion of CEI (see note 11).

Note 4 – Debtors:

An overall (gross) balance of \$973,584 comprising of:

- \$58,084 in rate debtors analysed below
- \$795,955 in sundry debtors, the majority being MRWA for RRSP (\$715,527).
- \$163,587 in GST credits.

In terms of Rate Debtors, this can be further analysed as:

- \$17,419 rates outstanding comprised of pensioner rebate (\$6,169) and the remaining are either in the process of selling the property or will be referred to debt collectors once internal processes have been completed.
- \$3,561 on ad hoc payment plans which are steadily reducing each month through active management.
- \$22,286 with debt collection services of which amounts to four (4) rate assessments.
- \$14,084 interim rates not due for payment as yet.

Note 5 Reserves:

Budgeted Reserve transfers have occurred in May 26 which has reduced the overall value and is on track to achieve the budget forecast at 30 Jun 26.

Note 6 – Plant Disposals

Disposal of the two Graders and CEO vehicle occurred in Jun 26 so not reflected in the May 26 financial statements but netted an overall good result of approximately \$73,000 of surplus funds. If possible, some or all of this is intended to be transferred to the Plant Reserve.

Note 7 – Capital Program

The capital program has been very successful in terms of its completion with only the following projects that were not expected to be carried over into 26-27:

Item	Budget \$	Actual \$
Gillingarra Emergency Water CWSP	86,180	3,898
Gillingarra Community Water CWSP	93,912	-
Gillingarra Truckfill CWSP	128,741	17,462
ESA Tourism Development	350,000	166,988

Other variations include the subdivision which was a known carry forward and the Central Precinct Plan which was not successful in funding. Both were fully funded offsets so no impact on the budget 25-26.

Note 8 – Loans

All loan repayments for 25-26 have now occurred with the Plant Replacement 2 loan being reflected but no repayments until next financial year.

Note 9 – Payables

As mentioned in commentary under note 1, the subdivision funding and water grants will need to be reflected as contingent liabilities once the final balance has been reconciled at 30 Jun 26. This effectively reduces the grant income received as accounting entries, therefore impacting the surplus.

Note 10 – Grants and Subsidies

All grant funding where the work has been fully completed has been triggered in full and others that can be partially triggered has occurred.

Similar commentary in previous notes, the Gillingarra Water Grants and ESA Tourism Development will have the balance of grant revenue triggered in 26-27 when the projects are complete.

Under operating grants a further \$1,060,349 is budgeted to be received from the Grants Commission by 30 Jun 26. Management is unable to forecast with any certainty what the actual amount will be but anything less will add to the budget deficit.

Note 11 – Restricted Funds

The table now illustrates in a more defined way, grants that have been received but will not be completed with the following points:

- As at 31 May 26 there is \$3,220,111 of funds that needs to be captured as contingent liabilities meaning the shire has a commitment to complete projects with this money. It cannot be captured as general revenue.
- In order to ensure this is fully cash backed, a transfer of \$1,194,604 needs to be transferred from the Municipal Fund to Restricted Funds.
- At the time of writing, \$700,000 has been transferred and it is hoped to transfer the remaining balance by 30 Jun 26.

Note 12 – LRCI Program

This program is now fully complete and acquittal is in progress.

Note 13 – LGGS Program

A minor amount remains to be expended and this is expected to occur in Jun 26 to ensure the program has been fully subscribed to.

Note 14 – Material Variances

Details have been provided with greater granularity on variances with most variances offsetting each other in terms of income and expenditure.

Employee Costs variance has further reduced from the previous month (\$58,717) to (\$30,375) as the subdivision starts to get full focus. Other variances have been detailed previously and reinforced through this note, remaining relatively static.

Consequence	Consequence Rating:	Likelihood Rating:	Risk Rating	Risk Acceptance/ Controls	Mitigation and Outcome
Reputation If the Shire does Not submit its voting members, it will not be able to vote on the matters being considered, which may undermine how the Shire is viewed by the industry.	Insignificant(1) Unsubstantiated, low impact, no media involvement Example Gossip, Facebook item seen by limited persons	Unlikely (2) The event could occur at some time (10%) – At least once in 10 years	Low (2)	Supervisor/Team Leader Risk acceptable with adequate controls, managed by routine procedures and subject to annual monitoring	WALGA advises the CEO directly each year regarding the need for Council to register its delegates

Where possible, the Shire of Victoria Plains should be represented at the WALGA AGM each year. It is important that the Shire is part of the industry's key decision making process. However, the industry is generally well represented at the Convention and matters for inclusion in debate can be raised by others by way of example at the AGM. The Shire is also a member of the Zone and AROC.
