Officer Disclosure of Interest: Nil Previous Meeting References: Nil

Author: Brendan Jeans - Shire Planner

Attachments: 1. Site Plan

2. Elevation Drawings

#### **PURPOSE OF REPORT**

Council's consideration is required for a proposed outbuilding at Lot 24 (35) Milner Street, Yerecoin.

#### **BACKGROUND**

Council received an application for planning approval for an outbuilding at Lot 24 (35) Milner Street, Yerecoin. The proposed shed required an application for planning approval as it exceeds the requirements under the Shire of Victoria Plains Town Planning Policy No 2 Outbuildings in Residential Areas.

#### COMMENT

The applicant is seeking variation to the Shire's Town Planning Policy No 2 Outbuildings in Residential Areas.

It is deemed that the outbuilding, which exceeds some requirements under Council's Policy, does not detract from the amenity of the locality and does meet the objectives of this Policy.

#### **POLICY REQUIREMENTS**

Shire of Victoria Plains Town Planning Policy No 2 Outbuildings in Residential Areas

The following section of the Policy relates to the proposed outbuilding application:

#### **OUTBUILDINGS**

5. An outbuilding within a Residential area shall be deemed as meeting the performance criteria of Clause 3.10.1 of the Residential Design Codes where the following area and height requirements can be achieved:

Residential Density Code of Property	Permitted Area of Outbuilding	Permitted Wall Height	Permitted Ridge Height
R10	80m²	3.0m	4.5m
R12.5	80m²	3.0m	4.5m

- 6. Any proposed outbuilding that does not meet the requirements specified in Part 5 shall be referred to Council for determination, following consultation with all landowners adjoining the subject property.
- 7. The adjoining landowners shall be provided a copy of the proposed plans for the outbuilding, including the elevations of the structure. The adjoining owners will be provided 21 days to lodge a written submission to the Council and if no submission is received, it shall be assumed that they have no objection to the oversized outbuilding.
- 8. This policy does not exempt compliance with all other requirements of the Residential Design Codes (2002) and any other policy of Council.
- 9. The construction of an outbuilding on a Residential property that does not have an existing dwelling will not be supported.
- 10. All outbuildings must be located behind the existing dwelling on a property.
- 11. Unless necessary to meet heritage guidelines, the use of zincalume wall cladding will not be permitted in the Residential zones for outbuildings exceeding 40m<sup>2</sup> in area and with a wall height greater than 2.4m.

OFFICER DISCLOSURE OF INTEREST: None PREVIOUS MEETING REFERENCES: None AUTHOR: Harry Hawkins - Chief Executive Officer

**PURPOSE OF REPORT:** To advise Council of the proposal to offer free gym membership to all staff and Councillors.

**BACKGROUND:** The Shire of Victoria Plains in recent years has undertaken several initiatives to ensure the health of staff including medical assessments, skin cancer screening and flu injections. Healthy staff are usually more productive staff and the more we care for them the more likely they are to stay reducing changeover costs.

**COMMENT:** The Shire of Victoria Plains in recent years has undertaken several initiatives to ensure the health of staff including medical assessments, skin cancer screening and flu injections.

The health assessments identified that some staff members need to lose weight and exercise to fight of diabetes, heart disease and other health issues. The cost of joining up to the gym has been a disincentive to some staff members that might otherwise participate in an exercise program to lose weight and promote healthier lifestyles. The free membership would be non transferrable and for staff only with the discounted family membership taking into account their free membership applying for spouses or other family members.

As the gym is owned by the shire there is no cost for staff to be given free membership to it, however there is a liability for Fringe Benefits Tax of approximately \$122 per year per staff member that takes up the offer. If fifteen staff members take up the offer, which is unlikely, the cost to Council is less than \$2,000 per annum. There is no FBT liability for elected members however advice has been received from WALGA Tax Services that the value of the membership would be assessable income for taxation purposes as it is received as a consequence of their role as a Councillor. This liability for income tax is the elected member's liability not the shires and the amount of tax payable is determined by the member's individual tax situation.

**PURPOSE OF REPORT:** To advise Council of the opportunity available to see if they wish to participate.

**BACKGROUND:** It has been discussed at various forums that the shire increases its outside workforce. The opportunity offered by The Roads Foundation to employ trainees not only addresses the additional employee but also provides that additional employee or a current employee to obtain skills in road building.

**COMMENT:** The Roads Foundation was established in 2007 to address skills shortages in the civil construction industry by coordinating and facilitating traineeship programs. The program is available to employing new trainees or for existing employees wishing to develop or formalise their current skills-set through a traineeship pathway.

The Roads Foundation does not charge for there services however training organisations do charge fees for the courses offered and quotes are obtained by The Roads Foundation to enable local governments to make decisions based on all the information available.

The success of the scheme will depend on staff taking up the offer or attracting new staff willing to undertake training. The main benefit to the Victoria Plains community will be the up skilling of the works crew and less reliance on outside contractors or consultants. A memo was sent to all current members of the outside crew offering them the opportunity to participate in this program. At The date of this report no applications had been received from current employees.

No advertising has been undertaken for new employees willing to participate in a traineeship and will not be undertaken until the program is approved by Council.
