Attachment 1	Page	13	2021/2022 Draft Statutory Budget

PURPOSE

To consider and adopt the Municipal Fund Budget for the 2021/2022 financial year together with supporting schedules, including imposition of rates and minimum payments, adoption of fees and charges, setting of elected members fees for the year and other consequential matters arising from the budget papers.

BACKGROUND

The 2021/2022 Annual Statutory Budget and supporting schedules have been prepared on principles contained in the Strategic Resource Plan, the Corporate Business Plan, the 2021/2022 Draft Annual Budget presentation and budget discussions at the Budget Workshops held on Wednesday 23 June 2021, Monday 19 July 2021 and Monday 2 August 2021.

COMMENT

The draft 2021/2022 budget continues to deliver on other strategies adopted by the council and maintains a high level of service across all programs while ensuring an increased focus on road and associated infrastructure as well as on renewing all assets at sustainable levels.

DETAILS

The budget has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and *Australian Accounting Standards*. The Main features of the budget include:

- The 2021/22 budget has been prepared with a 7.0% rate increase.
- Fees and Charges have been increased by approximately 4.0% with exception of the following:
 - Sewerage Scheme charges have been increased by 10% and are itemised in the 2021/22 Fees & Charges.
- Domestic and commercial rubbish removal charges have been increased by 4.0% and are itemised in the 2021/22 Fees & Charges.

- The recurrent operating budget has generally been based on prior actual figures, although individual line items may vary from this approach if it has been deemed necessary. The recurrent budget delivers similar service delivery to the community as it has in past years.
- A capital works program totalling \$5,561,938 for investment in infrastructure, land and buildings, plant and equipment and furniture and equipment is planned. Expenditure on road infrastructure is the major component of this (\$5,078,325) in line with Council's strategy to increase the investment in road and associated assets.
- An estimated surplus of \$940,474 is anticipated to be brought forward from 30 June 2021. However, this is unaudited and may change. Any change will be addressed as part of a future budget review.
- The budget has been composed with a balanced (Nil) estimated closing position.
- Principal additional grant and contribution funding for the year is estimated from:
 - Wheatbelt Secondary Freight Network \$1,839,035
 - Main Roads CLGF Aglime Route - \$359,974
 - CBH Aglime Route - \$560,740
 - Local Roads and Community Infrastructure Program - \$918,580
 - Roads to Recovery - \$344,595
 - Main Roads WA Direct Grant - \$137,066
 - Regional Road Group - \$466,332

PURPOSE

As part of the 2021/2022 Budget preparation process, Council is requested to adopt its Schedule of Fees and Charges for 2021/2022.

BACKGROUND

Each year, Council is required to adopt its Schedule of Fees and Charges. Council is only able to charge those items that appear in the Schedule. It is, therefore, crucial that increases to discretionary items determined by Council are considered as part of the Budget process. Likewise, items that are charged by Council under other relevant legislation need to be checked to ensure that the legislated figures have not changed.

COMMENT

Councillors are requested to adopt the proposed Fees and Charges for 2021/2022. A Summary of the changes proposed is provided below:

- Fees and Charges that are at Council discretion have been increased by 3.8% (rounded)
- Fees and Charges that are governed by legislation have been updated for the 2021/2022 Financial Year

The minor increases proposed are based on Consumer Price Index, Australia (CPI) increase of 3.8%.

The Private Works rates have some fluctuations as the rates are based on the actual average wage of the Works staff (including overheads), actual plant operating costs and added a 25% administration charge (includes internal costs for processing the paperwork, invoicing, works management, etc). The Tree Pruning has been removed as the Shire no longer has that item of plant. It is also proposed that all the materials be at cost + 25% administration charge to ensure that the internal administration costs are covered. There is also an additional item which acts as a 'catch all' for all other private works so that if someone would like to purchase some materials that are not covered under this Fee and Charge it can be at cost + 25%. Likewise if the Shire is approached to undertake a large scale private works project with items not covered under the individual line items then it can be charged out at a total project cost + 25% administration charge.

PURPOSE

To provide Council with an update on the outcomes from a meeting held with the local community at the Piawaning Hall on Monday 12 July regarding the future possible configuration, use and management of Crown Reserves 18203 and 18204 in the Piawaning townsite and request Council's approval to proceed with a formal public advertising process for a period of twenty eight (28) days inviting the local community to provide comment for further consideration by Council in due course before any final decisions are made.

BACKGROUND & COMMENT

At its Ordinary Meeting on 23 June 2021 Council resolved to defer consideration of a report regarding a proposal to request the Minister for Lands approval to amalgamate Reserves 18203 and 18204 in the Piawaning townsite into one (1) new combined reserve with a new management order issued in favour of the Shire of Victoria Plains for 'Recreation, Camping, Showground and Community Purposes' with power to lease all or part of the land for a period not exceeding 21 years subject to the Minister's approval.

Council resolved to defer consideration of the report and recommendation therein pending the outcomes from a meeting in Piawaning with the local community due to various concerns and questions raised in deputations by community representatives Ms Naomi Purser and Mr Robert Buscumb.

In accordance with Council's resolution, a meeting was held with the local community at the Piawaning Hall on Monday 12 July which was attended by the Shire President, Councillors O'Brien and Kelly, the Shire's Chief Executive Officer and the reporting officer.

At that meeting the reporting officer provided various information regarding the two reserves, the issues of concern to the Shire, and why action is required to resolve the issues to improve and formalise their future management and use. The Shire President, Chief Executive Officer and the reporting officer also addressed numerous concerns and queries raised by various members of the local community to assist their understanding of the issues at hand and the

options Council could consider to resolve them.

It was agreed by consensus at the meeting that the Shire would seek Council's approval to undertake a formal community consultation process to gauge the views of the entire community before any final decisions are made by Council regarding the future configuration, use and management of the reserves. It was acknowledged and accepted that the issues regarding any future possible lease arrangements would be the subject of a separate process at a later date depending upon any final decisions by Council and the Minister for Lands regarding future possible leasing powers.

It is therefore recommended that Council authorise the Shire Administration to proceed with public advertising for a minimum period of twenty eight (28) days inviting community comment with a further report to be prepared and presented to Council for consideration as soon as possible thereafter prior to any final decisions being made in relation to the future configuration, use and management of the reserves.

To help simplify the community consultation process it is recommended that the following list of specific questions be posed, including a 'general comments / suggestions' question at the end to give people the opportunity to provide any additional information they consider relevant to assist Council's consideration of the matter:

- 1. Would you prefer to see Crown Reserves 18203 and 18204 amalgamated into one (1) new reserve or the boundaries between the two reserves realigned to deal with the current building and land use encroachment issues?*
- 2. What types of land uses would you like to see accommodated on Crown Reserve 18203 in the future which is currently authorised to be used for 'Recreation' purposes?*
- 3. What types of land uses would you like to see accommodated on Crown Reserve 18204 in the future which is currently authorised to be used for 'Hall Site' purposes?*
- 4. Would you like the Shire to remain as the current approved management body for the two reserves or would you like the Management Order for one or both reserves to be changed to benefit a local incorporated community group and why?*
- 5. Do you have any other comments or suggestions you would like Council to consider in relation to the future configuration, use and management of these two reserves?*

CONSULTATION

As described and recommended above.

STATUTORY CONTEXT

- *Land Administration Act 1997*
 - Part 4, Section 46 – 'Care, control and management of reserves'; and
 - Part 4, Section 51 – 'Cancelling, changing etc. reserves, Minister's powers as to'.
- *Shire of Victoria Plains Local Planning Scheme No.5*
 - Part 2 – 'Reserves'

CORPORATE CONTEXT

- *Policy Manual 2019*
 - Policy No.14.4 – Asset Management

STRATEGIC IMPLICATIONS

The proposals for Crown Reserves 18203 and 18204 are considered to be generally consistent with the aims and objectives of the following strategic planning documents:

- *Shire of Victoria Plains Local Planning Strategy 2012;*
- *Shire of Victoria Plains Strategic Community Plan 2017/18 to 2027/28;*

1.	Community – to enhance and improve a sense of community in the Shire
1.3	Promote community health and wellbeing
1.4	Support sporting, volunteer and community groups
1.5	Increase community activities
1.6	Develop new / reuse existing community facilities

2.2	Improve tourist / caravan park accommodation
2.3	Improve community connectivity
4.	Infrastructure – to maintain / add to infrastructure used by the community
4.3	Maintain / improve community facilities to an agreed standard

FINANCIAL IMPLICATIONS

Nil immediate financial implications for the Shire aside from the administrative costs associated with preparing this and any subsequent reports, undertaking community consultation, and preparing the proposed submission to the Department for Planning, Lands and Heritage requesting the Minister for Lands approval which has been provided for in Council's annual budget for the 2021/22 financial year.
