widening and reconstruction, these two projects will be sealed at the same time to save on mobbing costs.

Future Construction Projects Consideration

As Council is aware we have DER approval to clear vegetation on the intersection works on Wirrilda and Gillingarra-Glentromie Rd's, I have been in contact with the land owner, designer and surveyor to start proceedings with approvals from MRWA and other departments for the works and land acquisition, the surveyor will set out the new boundaries as soon as possible so my crew can fence it and I will then clear what is required.

At this point discussions were held in relation to the Wirrilda Road Project as follows:

- Works and Services Manager confirmed that the plans were currently with Main Roads for approval, however the Works and Services Manager would be discussing the plans with the designer to request that the plan be simplified.
- Works and Services Manager advised that title changes are currently underway and that land is to be resumed.
- Cr Kelly requested that the project be laid on the table until the area could be viewed by Councillors during the road inspection on 8 February 2016.
- Cr Lovelock reiterated with Councillors that there is a legally binding agreement in place stating that we must proceed with the project or lose \$150,000 in funding.
- The Acting Chief Executive Officer confirmed that (the Shire) must spend the budgeted \$243,000 on the project by the end of June 2016 or (the Shire) will lose the \$150,000 Main Roads funding.
- Cr Kelly disagreed with written advice and stated that no clearing permit has been approved for the Project.
- Cr Penn and Cr Kelly requested the Works and Services Manager provide Council with detailed costings for the amended work plans, and delay works (excluding surveying), until the new costings had been presented to Council at its February 2016 meeting.

RESOLUTION 08/2016

Moved: Cr S Penn Seconded: Cr J Kelly

That a total budget for the Wirrilda Road project is provided by the Works Manager at the February 2016 meeting prior to commencement of ground works (other than surveying) on the project.
